APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the manner and place of use of the waters of the Truckee River as heretofore granted under Claim 74, Truckee River Final Decree is issued subject to the terms and conditions imposed in said decree and with the understanding that no other rights on the source will be affected by the change proposed herein. Measuring devices with totalizing capability shall be installed and accurate measurements of all water diverted and placed to beneficial use shall be recorded and submitted to the State Engineer as required.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.341 cubic feet per second, but not to exceed 76.4 acre-feet annually as decreed.

- Actual construction work shall begin on or before N/A
- Proof of commencement of work shall be filed before N/A
- Work must be prosecuted with reasonable diligence and be completed on or before July 22, 1983
- Proof of completion of work shall be filed before August 22, 1983
- Application of water to beneficial use shall be made on or before July 22, 1988
- Proof of the application of water to beneficial use shall be filed on or before August 22, 1988
- Map in support of proof of beneficial use shall be filed on or before August 22, 1988
